## **Program Purpose**

The School Counseling Program is based upon the American School Counselor Association (ASCA) National Model. The program aims to be preventative, proactive, and collaborative in addressing the diverse needs of the school community by planning, designing and implementing activities that promote student achievement through: Foundation, Management, Delivery and Accountability.

- Based upon student standards in the academic, career and social/emotional domains
- Ensures equitable access to a rigorous education for all students
- Identifies the knowledge and skills all students will acquire as a result of the K-12 program
- Delivered to all students in a systematic fashion
- Based on data-driven decision making
- Ensures students are college and career ready

## **Program Foundation**

### **School Counselor Beliefs:**

1. All students are capable to achieve at a high standard and reach their full potential
2. Student development needs are met through collaboration with stakeholders and a comprehensive program
3. School counselors must be leaders, advocates and collaborators who create equitable access to rigorous curriculum and opportunities for self-directed personal growth for every student
4. Data must be gathered and analyzed to guide the focus of the program
5. Ethical standards will help counselors maintain professionalism and provide guidelines for appropriate practice

**Groveport Madison Local Schools Counseling  
Vision Statement**

Groveport Madison students will have hope of a bright future with the support of an equitable counseling program that meets their academic, career, post-secondary and social/emotional needs. Through collaboration with the school, family and community, students will reach their fullest educational potential and successfully manage their lives as healthy, responsible, competent and productive citizens who respect themselves and others.

**Groveport Madison Local Schools Counseling  
Mission Statement**

It is the mission of the Groveport Madison School Counseling Department to provide a comprehensive, developmentally appropriate program that assist all students in acquiring skills, knowledge and attitudes to become a community of lifelong learners, leaders, and responsible citizens. Through leadership, advocacy, collaboration and systemic change counselors will provide a safe and caring environment that encourages and empowers students to reach their full potential

## **Program Foundation Cont'd**

### **Annual Program Goals are developed to:**

- Promote achievement, attendance, behavior and/or school safety
- Are based on school data
- Address school wide data, policies and practices or address closing the gap issues
- Address academic, career and/or personal/emotional development

### **Standards**

#### **Students**

- ASCA Mindset & Behavior standards are organized into three domains: academic, career and social/emotional and provide the foundation for classroom lessons, small groups and school wide activities

#### **Counselors**

- Are state-credentialed
- Are guided by the ASCA Ethical Standards and Counselor Competencies
- Are engaged in scholarly professional development activities

## **Program Management**

The management component helps school counselors develop, implement and evaluate the program based on clearly defined priorities reflecting student needs through assessment of:

- School counselor knowledge, attitudes and skills
- Program to identify areas of strength and areas in need of continued improvement
- Use of time for direct and indirect student services

The programs use of school data to determine student needs through:

1. School Profiles
2. Program Results
3. Action Plans
4. Lesson Plans
5. Calendars

## **Program Delivery**

### Direct Student Services:

- School counseling Core Curriculum (instruction and group activities)
- Individual Student Planning (appraisal and advisement)
- Responsive Services (counseling and crisis response)

### Indirect Student Services:

- Referrals - directing students and parents to school or community resources for additional assistance
- Consultation - share strategies to support student achievement with parents, teachers, administrators, other educators and community organizations
- Collaboration - work with other educators, parents, administration and the community to support student achievement and advocate for equity and access for all students

## **Program Accountability**

Groveport Madison Local School Counselors use accountability strategies to monitor student achievement, to continually evaluate and improve the program and to demonstrate the impact the program has on students annually through:

- Data Analysis
- Program Results
- Evaluation and Improvement
