

Facilities Planning Team

December 18, 2018 Meeting

Building a Better Future for our Children and Community

Agenda

- **Garilee Ogden, Superintendent**
 - Welcome
 - Review Feedback Worksheets from Dec. 11 Meeting
 - Discuss Any Concerns
 - Confirm Consensus on Selection
 - Reaffirm the “Why”
 - Any other recommendations/clarifications?
 - Select presenters

Review Feedback Worksheets

- Is anything missing, misrepresented, or incomplete?

Group #1 *(Rachel, Emily, Mitzi, and Darren)*

Preference: 3 Pre-K Buildings

- Location & travel time keeping kids close to home
- Fewer transitions
- All services at each building (ESL, gifted, OT/PT, social workers, etc.)
- Small cost difference
- Having three identical buildings would be efficient
- Is anything missing, misrepresented, or incomplete?

Group #2 (*Libby, Debra, Todd, Barry*)

Preference: (3) Pre-K – 6 Buildings; (1) 7 – 8 Building

- Want both a gym and auxiliary gym
- Cost difference is negligible
- Sixth graders can mentor younger students in the younger grades
- Other comments:
 - Split K-4 & 5-6 into separate buildings
 - Construct 7-8 first

Group #3 (*Zachary, Todd, Alcian, Mary, Bob*)

Preference: (3) Pre-K – 6 Buildings; (1) 7-8 Building

- Least expensive
- Like size of student bodies for each building

Group #4 *(Kim, Roniann, Christopher, James, and Seth)*

Preference: (3) Pre-K – 6 Buildings; (1) 7-8 Building

- Liked cost in relation to sports facilities
- Appropriate size for a middle school
- Availability of special services
- Room for future growth
- Other comments:
 - Configure the elementary into a split building Pre-K-3 and 4-6

Group #5 (*Gail, Tricia, Shannon, and Ken*)

Preference: (3) Pre-K - 6 Buildings; (1) 7 – 8 Building

- Reasonably priced
- Better than the 6-8 due to size (6-8 too large)
- Only have to pay for one sports facility
- Other comments:
 - Break the elementary into two buildings with two wings each

Group #6 *(Joy & Ed)*

Preference: (3) Pre-K – 5 Buildings; (1) 6 – 8 Building

- Need the 6-8 to get the larger building for athletic facilities
- Streamlined programming
- Few transitions
- Other comments:
 - Design so that building can be expanded with a second floor

Discuss Concerns & Get a Consensus

- **Is there anything regarding the Pre-K – 6, 7 – 8 recommendation you can't accept?**
- **Is there a consensus of agreement to recommend the Pre-K – 6, 7 – 8 to the Board of Education?**

Reaffirm the “Why”

- Compare our recommendation to the criterion created by the community input groups

Any other recommendations?

- Is there anything the group wishes to convey to the board with respect to the team's recommendation?

Identify Presenters

Next Steps

- Based on our recommendation and key points, Jeff will create a draft presentation for the presenters by Dec. 20
- Presenters to provide feedback/changes by Dec. 28
- Present to the Board on Jan. 2, at 7:00 p.m.
- We invite you all attend to support the presenters

Thank you!
