Artist of the Week

Landon Grossman

Kindergarteners read the book *Mouse Paint* by Ellen Stoll Walsh. We learned that there are three really important colors called the primary colors. They are red, yellow and blue. These colors make the secondary colors: green, orange and purple. For their project they used primary watercolors to mix the secondary! Then we added our mice. Landon Grossman was selected by Mrs. Spork for his beautiful *Mouse Paint* project. He did a fantastic job mixing his colors and they are so vibrant! Landon is a kindergarten student in Mrs. Chandler's class. He loves playing with Legos, connect sand and his Xbox. His favorite colors are yellow, orange and blue.

Congratulations Landon for being our first Artist of the Week!

Dear Parent or Guardian,

Our school uses the Reading Horizons Discovery program to help your student build foundational reading skills. This program uses research-based strategies to help students understand the rules and patterns of the English language-leading to high accuracy in reading, spelling, and pronunciation. The software portion of instruction can be accessed at home either online or on an iPad. To access the program online your web browser must run Adobe Flash Player (we recommend using Google Chrome when possible).

Site: Groveport Elementary

Username: Students should know their username

I recommend that your child spend the following amount of time on the software each week from home: 10 - 15 minutes a day, 2 - 3 days a week. If you have questions, please contact your child's teacher.

Sincerely,

K-3 Staff
