A Message from the Principal

Thank you to all the parents who have been able to provide transportation this week and for being patient at drop off and pick up. Hopefully, you received the message last night about the decision to go all online starting next Wednesday, November 18th. The last day of in-person attendance for Group "B" students is today and the last day of in-person attendance for Group "A" students is Tuesday, November 17. Any students whose parents want them to go online immediately can do so, but the student must log in to their classes following their normal schedule to be counted as "present" for the day. It was so great to have the kids back these last 4 weeks and please know we love having the kids at school, but so many things are out of our control right now. We will do our best to continue to provide quality instruction online. If you have any questions, please let me know.

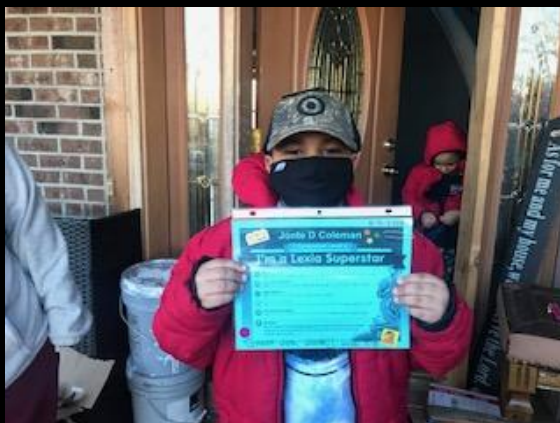

HAPPY FRIDAY the 13th!

April :)

Focus on Learning

Congratulations!! Our students had the best growth / average rate of progress for Lexia this month in the district! It is definitely a team effort getting students to get their minutes and units - so huge thank you to students, teachers, and parents! Keep it up - this intervention program works when kids get their units and minutes each week!

Beginning today Impact Community Action will resume accepting applications for rental assistance. They serve Franklin County. A link for more information can be found here:
