

## Principal's Message

Dear Groveport Elementary Families,

Thank you for your continued support and flexibility as we have all been navigating through the start of this year. I think we are finally figuring out the technology and schedules, but for those families who have chosen the Blended Learning option we are about to work through another change as students come back 2 days a week starting on October 19th. Each student has been assigned to either an A group or B group. The A group will come Mondays and Tuesdays in person and then the rest of the week will be online. The B group will come to school in person on Thursdays and Fridays and will be online at the beginning of the week. If you are unsure of what days your child will be attending school in person just give us a call. More specific information about the blended schedule, needed supplies, and safety practices will be coming out very soon. Also, Mrs. Long (Assistant Principal) and I will be holding a live google meet for parents on October 13th at 7:00 to answer any last minute questions. This meeting will be mostly about the return to school on October 19th but CDA (Cruiser Digital Academy) parents are also welcome to join in. If we don't have the answer, we will find out and get it to you!

You may also get answers to your questions at Parent/Teacher Conferences. Just a reminder they are October 8th and October 13th from 4:00 - 7:15. You should have received a form from your child's teacher to sign up for a time on those nights. If you haven't had a chance to sign up, please do that as soon as possible. Conference are short, but they are another way to support your child's learning.

Have a great weekend!  
April :)

### Focus On Learning

Our 5th grade students working on Empathy this week. Defining what it looks and sounds

like, why it is so important, giving examples of when they showed empathy and when others showed them empathy - Parents the conversations I heard would make you proud!!

Teachers are continuously learning too! We continue to learn about Collective Efficacy and how that our beliefs impact student learning and student efficacy. We were also excited to the recommended books from our Literacy and Mindset training arrived - Can't wait to add these titles to our collection and share them with the kids!
