

## Principal's Message

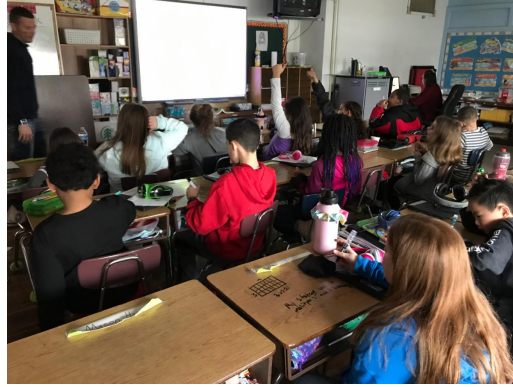

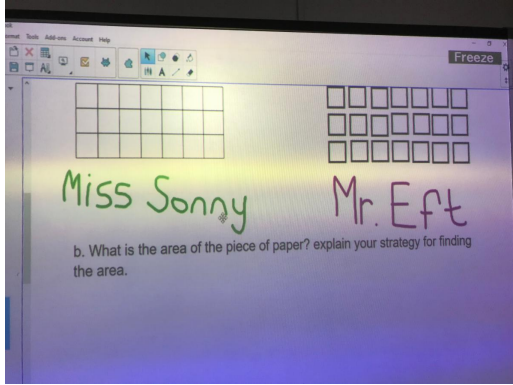

It is hard to believe we are already at the halfway mark for the 2019-2020 school year! The staff at Groveport Elementary thanks you for your continued support. All grade levels will be finishing up MAP testing next week, Report Cards will be sent home next Wednesday, and students who earned the 2nd nine weeks reward will receive a letter about Games Galore.

We look forward to working with everyone during the second half of the year. As always, contact the school if we can be of any support.

### Focus on Learning

This week Mr. Eff's class worked on math standard 3.MD.7, relate area to the operations of multiplication and addition. There are several ways to find the area of a rectangle. You can Tile the rectangle and count the tiles, skip count the number of columns by the amount of rows, or multiply the side lengths. Students put these strategies to use and explained their answers to one another to see who could come up with the best explanations.
