

Principal's Message

Happy Easter and Spring Break!

I would like to take a moment to thank everyone for your support, hard work, and positive attitude through this difficult time. You are all vital to the success of our students. I hope you get the opportunity to unplug, relax, and enjoy time with your family. I look forward to seeing staff and students back online April 20th!

Groveport Elementary Misses YOU
Thank you Mrs. Monhollen for putting this
video together and to all the staff for your
contributions :)

Focus on Learning

We are so proud of our Groveport Cruisers who have been logging in each day and working with their teachers. Your efforts have not gone unnoticed and they will make a difference in your educational growth during your time at home. Here are some shoutouts, art projects, typing hours logged, and staff "hanging out" on google with Mrs. Henderson and Mrs. Bray. Enjoy the highlights and pictures below.

Ms. Matteo's Kindergarten class has been working on an "eBook" presentation talking about their favorite book to read at home. Mrs. Garn's Kindergarten class has been working on journal writing. One of their journal entries explained what they felt Mrs. Garn should do over the weekend. Watch a movie and go for a walk were a couple of ideas shared by her students.

Mrs. Jahn's class began a social studies unit on economics, learning about needs and wants. Students completed a sorting activity on a Google Slide. They did a Venn diagram activity comparing the adventures of characters in a story. Finally, they held a Morning Meeting in Google Hangouts where they all shared one thing that made them smile!

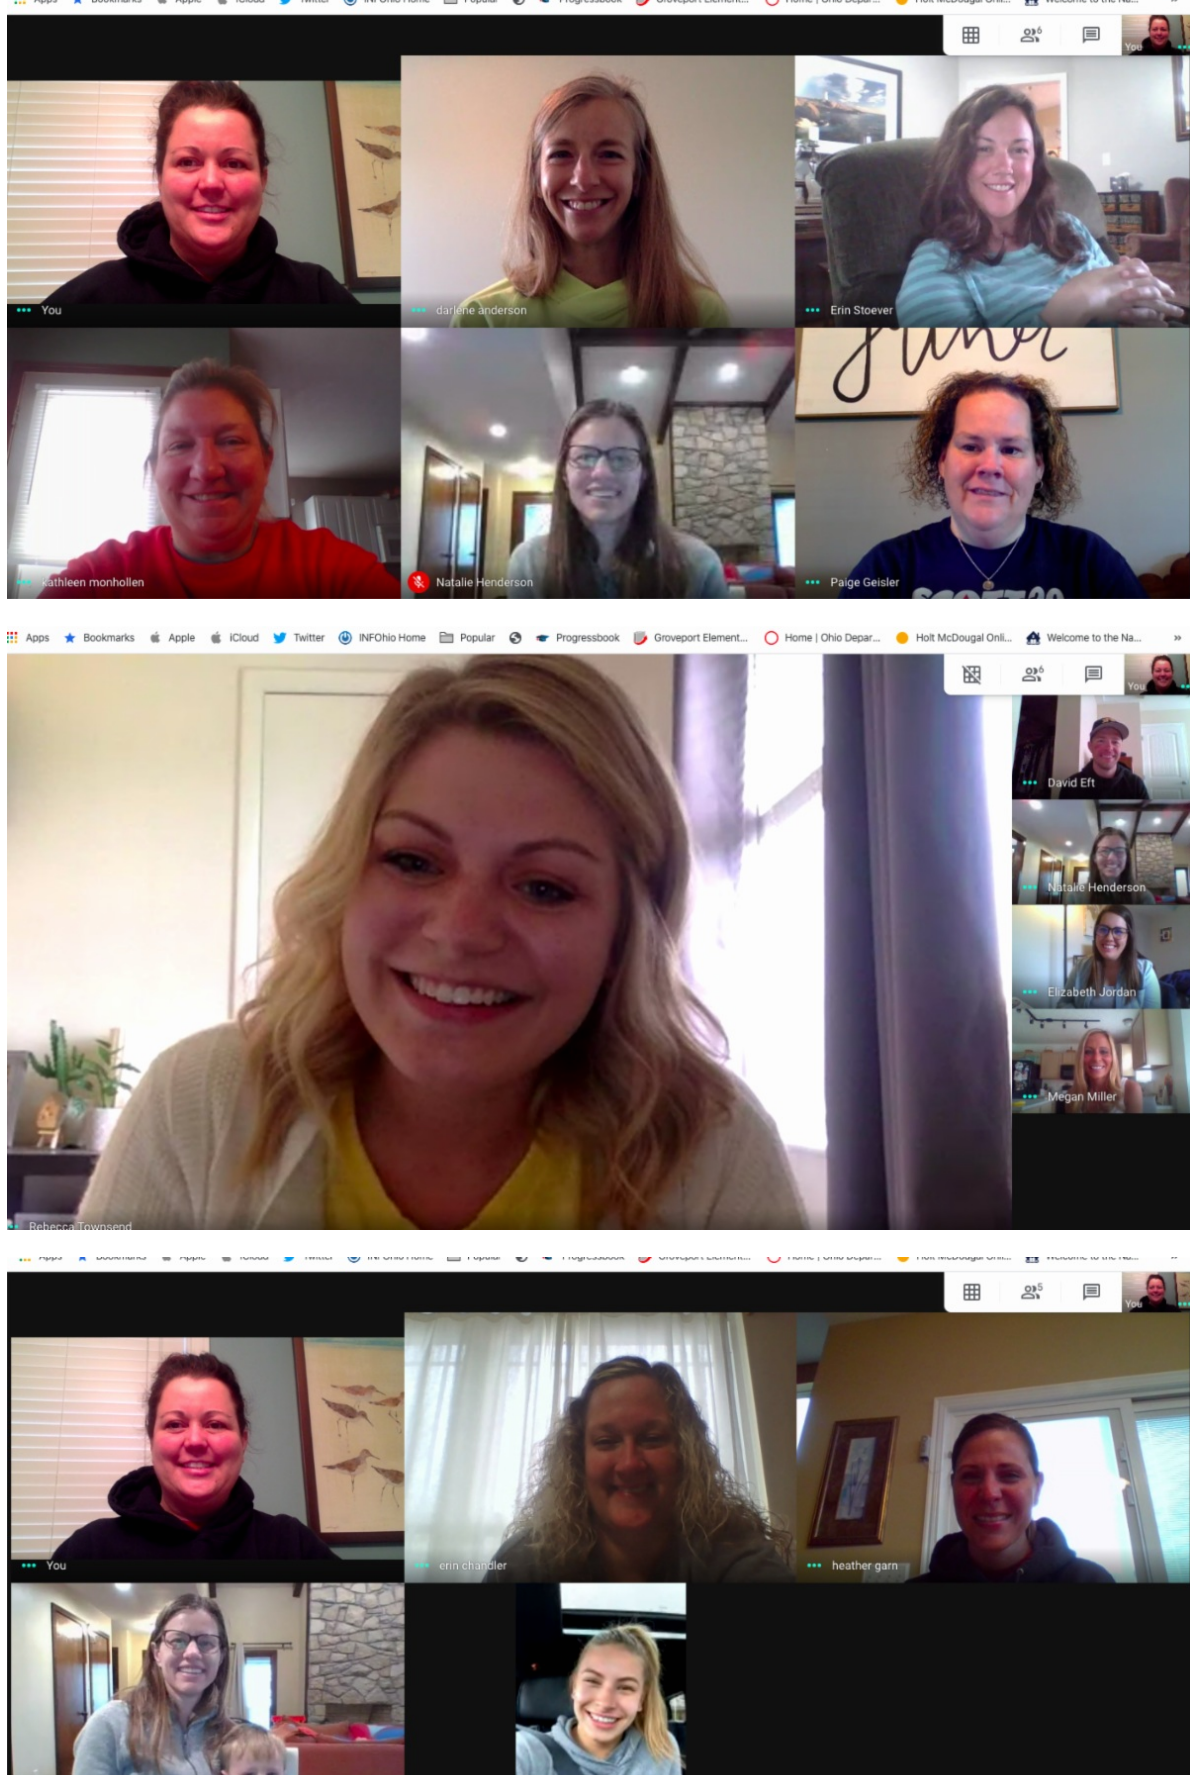

Mrs. Stoever's class has been using Seesaw to demonstrate understanding of the learning standards set for 2nd grade RL 2.9 (compare and contrast two versions of a similar story). Mrs. Stoever was amazed that Nora watched the video and then went onto the Seesaw site and created this venn diagram without any request or prompting to compare Lon Po Po to Little Red Riding Hood. We are so amazed with our students and the motivation and effort they continue to put forth from home!

Mrs. Anderson's students are assigned a book at their instructional reading level on Kids A-Z, then they are completing digital graphic organizers. Here are two samples from Olivia and Landon!
