

CREDIT FLEXIBILITY REFUSAL OF CREDIT

Groveport Madison Local School District

STUDENT _____

ID _____ **GRADE** _____

COURSE _____

Credit Flexibility **Option B** Test Out is available to all students in grades 7-12 at Groveport Madison LSD. Students can demonstrate course content knowledge and skills by achieving a score of 80 percent or higher on a comprehensive, grade-level standards-aligned assessment that is comparable to the final exam given to all students in the course for which the student is attempting to exercise Option B.

Students who achieve the 80 percent mastery standard have the option of forgoing the earned credit by declaring that they will attend the course for the duration of the semester or year it is offered and attempt to achieve a higher score than the one achieved on the Option B assessment.

Students who forgo the earned Option B credit for a course are cautioned that they later will not have the option of accepting the credit after declaring that they will attend the class or achieve credit by completing a different GMHS credit option. After the Option B "Refusal of Credit" form is signed, the student cannot recover the Option B credit at a later date. This form must be submitted within one week of receiving the Option B grade.

By signing below the student refuses Option B earned credit for the identified course and cannot recover the Option B credit at a later date. A parent signature is not required if the student is at least eighteen years old.
