Guiding Principles:

- ☀ To target and meet the needs of individual learners using best practices
- ☀ To assess and document the growth of each child
- ☀ To collaborate with staff to work effectively as a team
- ☀ To ensure ongoing two-way communication with families

Delivery of Services:

The Title 1 Program in the Groveport Madison Local Schools is an inclusive educational program.

- ☀ ...in-class modeling
- ☀ ...creating opportunities for students to learn together
- ☀ ...focusing on students' abilities and possibilities
- ☀ ...ensuring that all staff, students, and families work together as a team

Family Involvement:

Research indicates that family involvement in children's education has a significant positive impact that leads to higher test scores, better grades, and more consistent attendance. This interaction also creates a positive attitude toward learning.

Some ways families can help at home are:

- ♥ Show interest in their child's schoolwork.
- ♥ Send their child to school every day and on time unless they are ill.
- ♥ Communicate regularly with the school and teacher.
- ♥ Read! Read! Read! Family members set an example.
- ♥ Monitor time spent watching TV and playing video games.
- ♥ Children learn best when they come to school rested and ready to learn.
- ♥ Families are positive and encouraging as their child goes off to school each day.

The Groveport Madison Title 1 team, together with families, will work in partnership to support the children of our district and help them reach their greatest potential!
