Principal's Message

Interim Reports Available Today on ProgressBook -1st -5th grade students have Interim Reports. We are already 1/2 way through the last nine weeks of school. Students have another 5 weeks to improve their grades if they aren't were they need to be at this point.

City Council Meeting - Groveport City Council has School Zones on the agenda to discuss at next Monday's meeting. The meeting is Monday, April 11th at 6:30 at 655 Blacklick Street. Our school zone including signs and traffic patterns needs to be reassessed since there has been so much growth and increased traffic over the last several years on Main Street. The intersection at Wirt Road and Main Street and Main Street and Front Street are of particular concern. We all want the students to be safe and I've had several parents share times when their own child or someone else's child has been nearly hit. If this topic is of interest to you, please attend the meeting to show your support. Everyone is welcome to attend the meeting, but if you would like to speak at the meeting you will need to arrive a little early and sign the form.

Groveport Elementary Winter of 1952

Mr. Palsgrove is the best! He brightens my day by sharing photos he thinks I will enjoy of our school. I hope you like seeing these old photos too. In this photo from the winter of 1952, checkout how different the front lawn of Groveport School (now Groveport Elementary) looked 70 years ago. It is so cool to see how the trees have matured over the years. There were also fewer trees growing in the lawn in those days. The school's fountain, built in the late 1920s, was the dominant feature in the school's front lawn. (Photo courtesy of the Groveport Heritage Museum.)
