GREETINGS FROM GROVEPORT ELEMENTARY

MARCH 12, 2021 NEWSLETTER

Principal's Message

Dear Parents and Guardians,

Thank you yet again for your flexibility, understanding, and patience as we navigate another schedule change coming up here in about a week. Starting Monday, March 22nd all students who have been attending school in the Blended Model will be coming back 4 days a week! Cruiser Digital Academy (100% online) will keep doing what you have been doing all year nothing changes for your students.

We are all very excited to have the Blended students back 4 days a week (Wednesday will still be a remote learning day until May). We can transition back to 5 days a week once all the CDA students have taken all of their state assessments. It is so good to see the dramatic decline of new COVID-19 cases among our students and staff and 83% of the parents who responded to the survey "were comfortable" with their child returning to in-person classes. We are confident we can do this in a safe way.

If you have specific questions, please call us or refer to the Responsible Restart Parent Guide (https://www.gocruisers.org/ResponsibleRestart2020.aspx) for detailed information about our health and safety protocols and classroom/online expectations.

I hope everyone has a wonderful weekend and don't forget to spring ahead!

April :)

April Bray

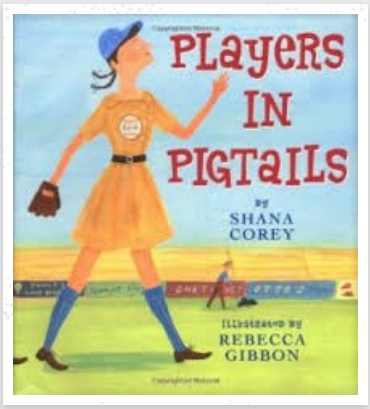
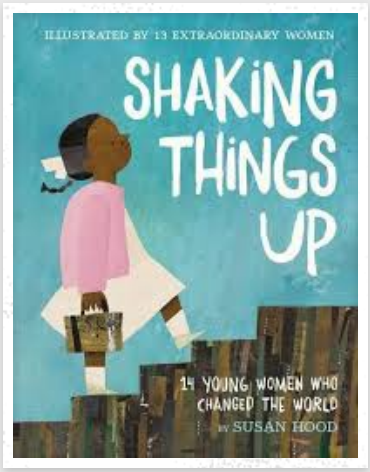
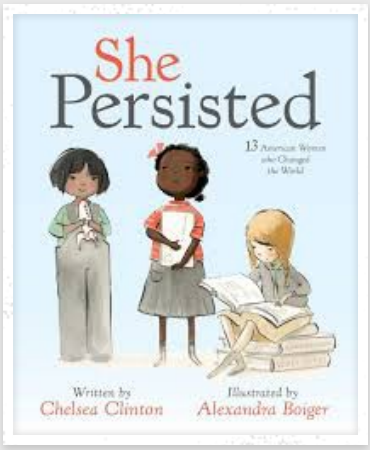
Women's History Month

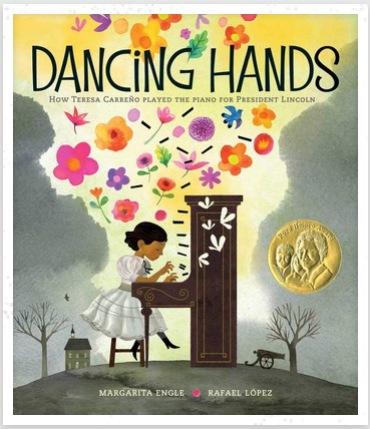
One child, one teacher, one pen, and one book can change the world. ~ Malala Yousafzai

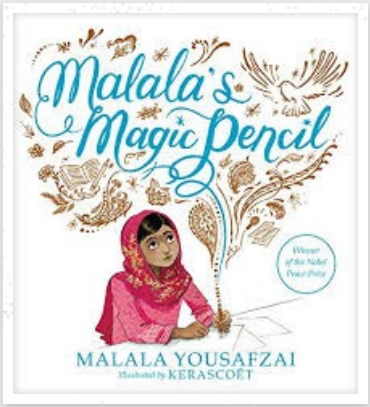
March is not only the start of spring and better weather, but also a month to celebrate the remarkable contributions women have made to our world. Check out some of the amazing read-alouds your child's teacher has been sharing this month!











Free Workshop For Kids 10 - 15

Code I/O

Do you have students ages 10-15 who are interested in learning more about computer science? The Association of Computing Machinery – Women's Chapter at The Ohio State University invites all students ages 10-15 to their annual Code I/O event. In this free, virtual, hands-on workshop, students will work with the Scratch programming language and learn about applications of computer science.

WHEN: March 15, 10 am to 2 pm

Sign up at **go.osu.edu/codeio2021**
